**Tacchini Collection Overview:**
A complete directory of all Tacchini products.

Design Being. Tacchini is a philosophy. Behind every object there is a story and behind every story there is a person. We fall in love with our products, their stories and the stories of those who have produced them, and continue to make things by hand — so that this story continues, is passed on by the designer to the creator, and from the creator to the future owner of the product. And then, it continues further.

Ⓣ Tacchini

Design Being

Tacchini è una filosofia. Dietro ogni oggetto c'è una storia e dietro ogni storia c'è una persona. Ci innamoriamo dei nostri prodotti, delle loro storie e delle storie di chi li costruisce, di chi continua a fare le cose a mano, in modo tale che questa storia possa continuare, possa essere trasmessa dal designer al produttore e dal produttore al futuro proprietario del prodotto. E poi continuare ancora.

Tacchini Collection Overview
Edition 2018
