

95% of employees are happier in the new workplace (workplace 360)

I work

(Randstat survey

I want to have a choice of when, where and how I work

Thanks to digitalization we can choose how, when and where to work

of the workforce would prefer to get a job offering remote work

Workspace is now moving away from a 'one-size fits-all' approach

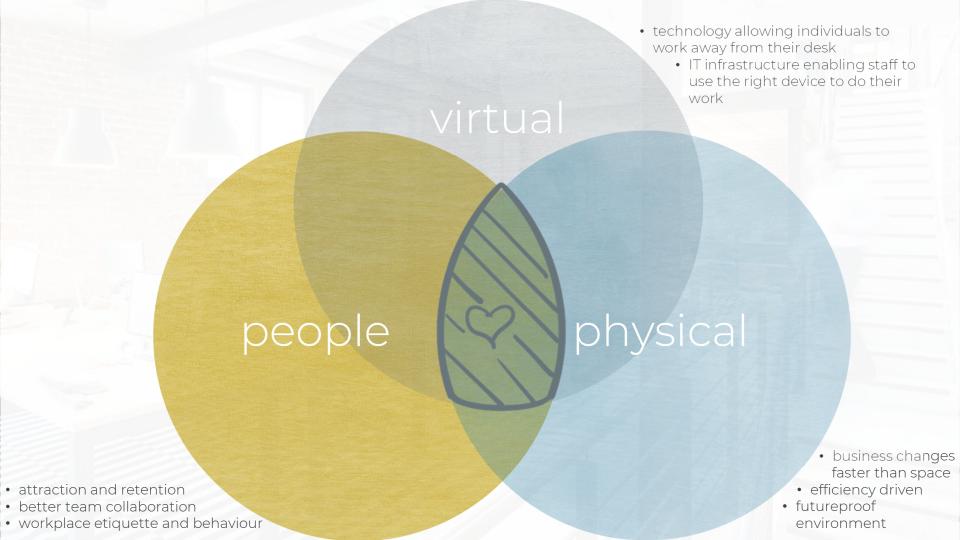

Workplace consultancy

Workplace consultancy is the process of understanding the needs and goals of your business and translating them into your physical workspace. We deliver expertise on the changing world of work, facilitating your workplace journey through bespoke tools, leadership engagement and team support.
